

# “Thank You, Gittleman”

They picked out their perfect location. They chose the neighborhood they loved. And now, thanks to Gittleman Construction Company, the family home of Audrey and Brian Klayman “is warm and comfy, a cozy house with all the room we need,” says Audrey.

“We are very comfortable now,” echoes Brian. “We are going to be here a long time.”

Although their Colonial had enough bedrooms to accommodate their growing brood, they decided it needed something more. They made plans, gathered bids and chose the company with a great reputation and the best price—Gittleman.

“He (Scott Gittleman) was right where our budget needed him to be,” said Brian.

Now, Hannah, 10, Becca, 7, and 5-year-old Drew enjoy the added space of a second floor addition. Drew’s

got a new bedroom and private bath. All the family uses the new work out room and everyone gathers in the spacious loft area to watch TV, use the computer or just kick back and relax.

“That loft is the best thing we ever did,” said Brian. Audrey thinks it’s great, too, but her personal favorite is the new downstairs mud room where the installation of lockers gives “everyone their own space...and they use it.”

That helps keep the house in order which, in turn, makes more room, she surmises. Adds Brian, “people underestimate the power of cabinet space.”

So next time you want to get more out of the place you love to live in, you could spend time shopping around or you could get the best at a price you can afford by calling Gittleman first.
